

11h20 - 11h27

Pit pôsteres | Comissão 7 • Bloco 1

- 03

The Demarcation of Public and Private Lands on the Coastline: the Definition of Boundaries and their Implications in Some Countries

Apresentador: **Cesar Rogério Cabral**
- 07

Effectiveness and Dissemination of the UN-GGIM FELA Framework for Land Administration in Ibero-America

Apresentador: **Carmen Femenia-Ribera**
- 10

The lack of Institutional Coordination as a key factor why FELA is not reaching the cadastral institutions in Latin American countries. Analysis of the current situation and possible solutions

Apresentador: **Amalia Velasco Martín-Varés**
- 11

Spatialization of Territorial Parcels for Efficient Land Management

Apresentador: **Marco Aurélio Barbiero**
- 25

Análise posicional comparativa entre Levantamento Cadastral Territorial por topografia e GNSS e por LiDAR (SLAM) dos vértices de parcela urbana

Apresentador: **Adolfo Lino de Araujo**
- 35

Analysis of Requirements for Implementation of the Multipurpose Territorial Registry: Experience of the Municipality of Brusque (SC)

Apresentador: **Caroline Gisele Gadotti**
- 40

Woman's acess to land in rural area in Uruguay

Apresentador: **Daniela Cuentas Lujan**

11h27 - 11h35

Pit pôsteres | Comissão 7 • Bloco 2

- 49

Implementation and institutionalization of a Cadastral Reference Network in accordance with the Brazilian technical standard NBR 14.166/2022

Apresentador: **João Henrique Becker**
- 66

Analysis of the Accuracy of Orthophotos Generated by RPAs with RTK Sensors for Application in Urban Land Regularization (REURB)

Apresentador: **Renato Zetehaku Araujo**
- 103

Bibliometric Analysis of the Use of UAVs in Urban Area Cadaster

Apresentador: **Hatan Pinheiro Silva**
- 105

RRCM e tolerâncias 3D: análise da norma técnica NBR14166/2022

Apresentador: **Adolfo Lino de Araújo**
- 56

Elaboração do Manual de Orientações Técnicas para o Cadastro Territorial e Imobiliário de Joinville/SC

Apresentador: **Emília Grasielle Nicolodi**

9h30 - 9h35

Pit pôsteres | Comissão 8 • Bloco 1

- 17

Geospatial Data Management at Iphan: Trajectory, Challenges and Perspectives

Apresentador: **Isabela Benedet Bardini**
- 23

Identification of Urban Centralities Based on Multipurpose Cadastre

Apresentador: **Caroline Nayara Rech**
- 28

A Critical Analysis of the Development of Master Plans for Small Municipalities

Apresentador: **Carlos Antonio Oliveira Vieira**
- 36

Conceptual Modeling of Geographic Databases Applied to the Management of Walkability Indexes in Public Sidewalks

Apresentador: **Camila Da Silva**
- 37

Territorial management in the Novo Caximba project: an analysis of the methodology applied

Apresentador: **Rafael Caetano**
- 38

Conceptual Data Scheme in the Context of Geotechnical Foundation Suitability Mapping

Apresentador: **Camila Da Silva**

9h35 - 9h40

Pit pôsteres | Comissão 8 • Bloco 2

- 44

Spatial and Declarative Inconsistencies between Brazilian Official Cadastral Databases and Their Impacts on Rural Taxation and Environmental Management

Apresentador: **Fábio C. Valente**
- 52

Mercado de tierras y mujeres en Colombia: una mirada desde la economía del cuidado

Apresentador: **Johan Andres Avendaño Arias**
- 70

Do Marco Legal à Sustentabilidade Costeira: A LPM de 1831 na Construção de Territórios Resilientes

Apresentador: **Milena Limoeiro**
- 75

Bibliometric Analysis of Scientific Production on Conceptual and Geographic Modeling in Brazil: Trends, Gaps and Implications for Territorial Management

Apresentador: **Camila da Silva**
- 94

Land management and tourism in costal areas: na analysis od Balneário Camboriú

Apresentador: **Jhunia Lima**

14h00 - 14h10

Pit pôsteres | LADM/STDM • Bloco 1

- 16

Application of the Fit-for-Purpose Land Administration related to the concepts of the Social Tenure Domain Model in irregular urban areas in Brazilian Municipalities

Apresentador: **Pedro Afonso Cardoso Manarin**
- 18

Modernization of the Land Registry in Brazil in Light of the LADM: Advances and Challenges for Spatial Land Governance

Apresentador: **Alan Maragno**
- 20

Coordinated Adoption of LADM_COL in Colombia: Intersectoral Governance for the Multipurpose Cadastre

Apresentador: **Sebastian Sierra**
- 24

Sanitation in Informal Areas with STDM: Challenges and Opportunities for Quality of Life

Apresentador: **Roberta Anjos**
- 27

Locational Variables in Mass Appraisal: Conceptual Classification Grounded in Systematic Review and Integrated into the LADM Valuation Model

Apresentador: **Camila Da Silva**
- 60

3D Surface Models for Urban Planning and Land Value Capture: A Case Study of Rio de Janeiro's Cadastral System

Apresentador: **Luiz Carlos Teixeira Coelho**

14h10 - 14h20

Pit pôsteres | LADM/STDM • Bloco 2

- 62

Applying LADM for Brazilian Rural Cadastre - a prototype and partial results

Apresentador: **Thiago Marra**
- 81

Accuracy Evaluation of Low-Cost and Professional UAS Orthomosaics for 2D/3D Urban Cadastre Mapping

Apresentador: **Allan Gomes**
- 90

Integration of Low-Cost Sensor Technologies and Open Geospatial Data for Comprehensive 3D Cadastral Modeling of Terrain

Apresentador: **Willian Ney Cassol**
- 104

Sustainable Management of aquatic spaces under federal domain: a modeling proposal based on LADM

Apresentador: **Willian Zonato**
- 110

Multipurpose Territorial Cadastre Governance: Lessons from Cotia's Experience in Light of LADM Principles in the Brazilian Context

Apresentador: **Francisca Deuzilene Nobre de Lima**
